Dear Jalaya Morales:

This letter responds to your public records request received by the Mayor's Office on February 21, 2019 via email. Specifically, you made the following request:

"The census records from 2010-present of how many people came into united states."

Response Dated March 8, 2019

Thank you for your inquiry. We have conducted a search for records responsive to your request in the possession of the Mayor's Office and have not located any such records. Please note that the Office of the Mayor of the City and County of San Francisco does not generate or maintain the Federal Government's Census data and related U.S. immigration information. We recommend that you refer your inquiry to the U.S. Census Bureau. In particular, some information responsive to your request may be found on the Census website at <https://www.census.gov/topics/population/foreign-born.html>

Please also note that we are responding on behalf of the Mayor's Office only, and not on behalf of other city departments.

If you have any questions about your request or would like to submit another public records request, please feel free to contact us at mayorsunshinerequests@sfgov.org.
